ECTH 2025

The 6th edition of ECTH will be hosted from 22 - 24 October 2025 in Prague, Czech Republic at the Prague Congress Centre.

Prague is rightly considered one of the most beautiful cities in the world. Visitors from all over the world come here to admire not only its history and diverse architecture, but also to enjoy the friendly and romantic atmosphere. Prague is also a city dedicated to art. It's a city of gardens and parks and, last but not least, a city with a great culinary scene and the best beer in the world.

The Prague Congress Centre is located at the city centre. It is easily accessible by the underground, only 10 minutes from the main railway station and 30 minutes from the international airport.

The main tourist attractions, as well as restaurants and bars, are within walking distance from the Prague Congress Centre.

What is ECTH?

ECTH brings together researchers, scientists, clinicians and other healthcare professionals in a major scientific congress in Europe around thrombosis and bleeding.

ECTH has the ambition to facilitate excellent science and networking opportunities for healthcare professionals, scientists and researchers, including clinicians treating vascular and clotting disorders. Offering comprehensive scientific and clinical education across a broad set of current and soon-to-be released studies, new findings, treatments or products.

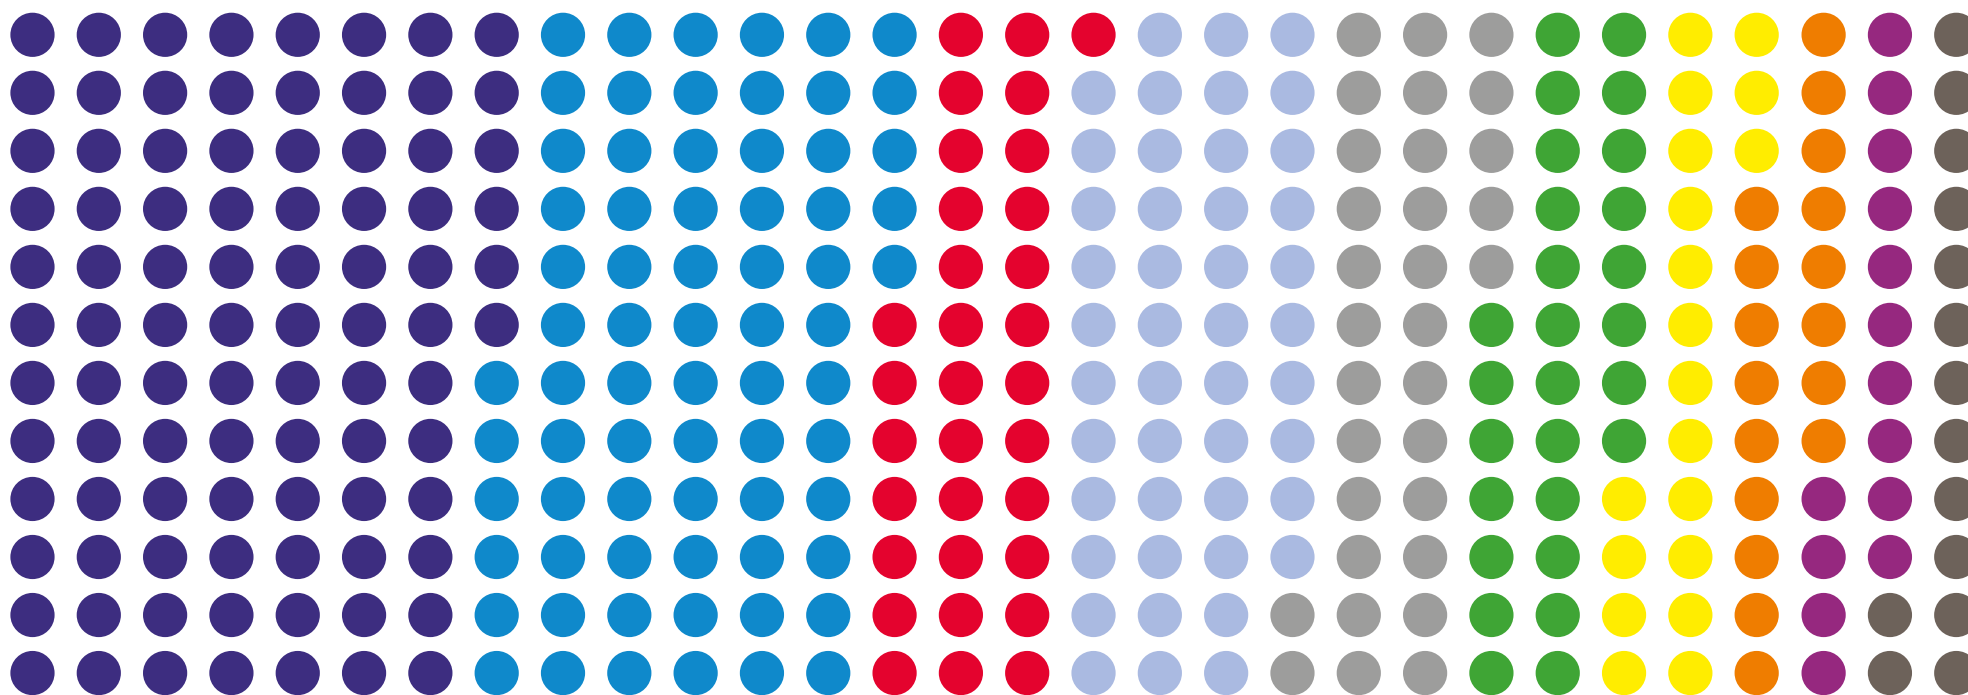

Collaborate with ECTH to craft the perfect sponsorship for your company if you are looking to stand out amongst over 500 participants and want to add longevity to your investment at the European Congress on Thrombosis and Haemostasis. We have a Starters package from where you can select and add on in our menu to create the perfect sponsorship package to your needs.

Contact the ECTH secretariat to learn why ECTH needs to be at the top of your event sponsorship calendar!

Awards participation

Young Investigator Award

The prestigious Young Investigator Awards offers a unique opportunity for young investigator who have submitted an abstract to the ECTH 2025 to attend the congress and present their work to the scrutiny of panels of renowned experts in the specific fields during the ECTH 2025.

The award recognises students, PhD fellows and early post-doctoral fellows who have shown outstanding promise and are likely to make significant contributions to the field of thrombosis or haemostasis.

Travel Grants

The Travel Grants are provided to basic and clinical scientists and scientists from developing countries to help subsidise their travel to the congress. In order to be considered for these two awards, one must be the first author on an abstract submitted to the congress. Applying authors will be notified in their abstract notification email Mid June, 2025.

Our emphasis in these awards is on young investigators who represent the researchers and scientists of tomorrow. The ECTH feels that it is important to acknowledge and reward our future in this way.

Please reach out to us for possibilities & prices.
